

DESCRIPTION

Our versatile post-top lighting solution, designed for mounting heights of 8 to 20 feet, combines aesthetics with functionality. Ideal for parking lots, drive lanes, entrances, perimeters, and pathways, it provides seamless, uniform illumination with an exceptional optical design. The clean, contemporary structure complements modern architecture and blends effortlessly with outdoor environments for a harmonious lighting solution.

Construction

- Rugged die-cast aluminum housing secures the thermally conductive LED panel.
- Show off urban style by the simple shape and the solid material.
- Housing is completely sealed against moisture and environmental contaminants.

Optics

- Standard 45W, 70W, 87W and 130W**
- Wattage & CCT Selectable, 3000K, 4000K, 5000K.
- Lumen Packages from 5,400 to 17,200 Lumens.
- High-performance optical lenses crafted from UV-stabilized, optical-grade polymer deliver an optimized 5-meter distribution, ensuring target lumens and exceptional lighting uniformity.
- The optics can conform to dark sky requirement.

Electrical

- Universal voltage of 120-277VAC.
- 0-10V dimming standard for a dimming range of 100% to 10%.
- The 130W optional for 4 positions wattage regulation: 130W, 87W, 70W, 45W.
- THD: 20%
- Power Factor: 90%

Controls

- Optional PIR motion sensor.

Lifespan

- Estimated 100,000-hour LED lifespan based on IES LM-80 results and TM-21 calculations.
